You can now find a very full stock of china and glass, silver and cutlery, and, in fact, everything for table use. Some remarkably low prices are now offered—knives, forks and spoons. The calico lamp is still in the lead. It is the best lamp made, and is priced very low. Try ours.

A dollar or two, now and then, will help you in saving what's the use of advertising when example does the talking. Come and see the reduction and manner of reducing. Low rates to all points. W. M. Clark.
